Iced Coffee

What You'll Need

Medium-Coarse
Ground Coffee

Water
Kettle

Ice
Cubes

CHEMEX®
Coffeemaker

CHEMEX®
Bonded Filter

Recipe

5 5oz cups 
2 Cups Ice
12 Tbsp Coarse Ground Coffee
2 Cups Water

2 5oz cups 
1 Cups Ice
6 Tbsp Coarse Ground Coffee
1 Cups Water

Step 1

Place ice cubes into the CHEMEX®

Step 2

Place a CHEMEX® Bonded Filter into a cone shape so that one side of the cone has three layers, and place it into the top of the CHEMEX®. The thick (three-layer) portion should cover the pouring spout.

Step 3

Place the filter in the CHEMEX® and the coffee in the filter.

Step 4

Just before water boils, remove your kettle from stove top and let water settle. Begin by pouring enough water to just saturate coffee bed. Let bloom for 30-45 seconds. Continue to brew coffee by pouring water slowly over grounds in a circular motion, just enough to wet the grounds. Wait about 45 seconds, and then continue to pour water slowly over the grounds.

Step 5

Wait approximately 4 minutes for the brew to finish, serve coffee over ice and enjoy!
